We work with:

LET's Summarize

what did we mention today:

1. Blockchain?

1. Crypto?

1. Bitcoin?

1. Web3?

Blockchain is a

TECHNOLOGY THAT IS STORING DATA !!

And it can not be changed or tampered with !!!!

So you are sure once its stored.... it's there!

Crypto is a:

Currency that is using Blockchain technology !!

So, once Paid in crypto -

the transaction can not be changed or tampered with !!!!

Bitcoin is:

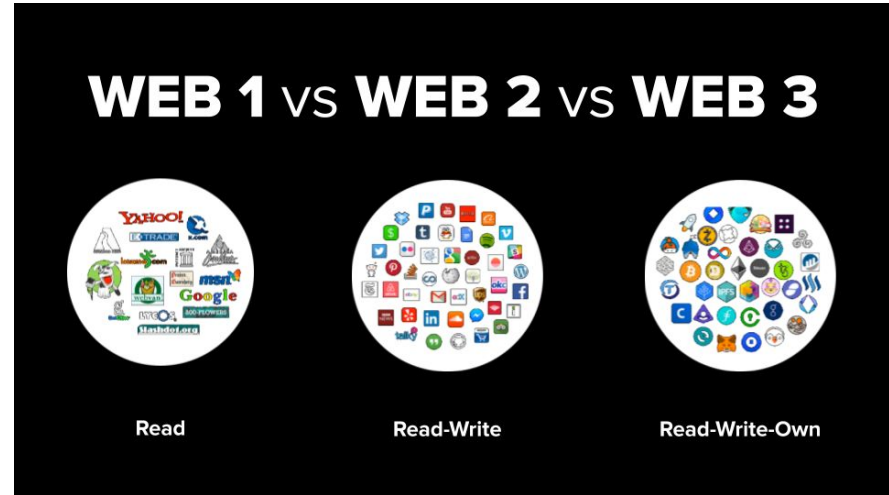

The first **Cryptocurrency** !!

There are only 21M Bit**coins**

And that can not be changed or tampered with !!!!

Web3 is:

The SUPER Internet !!
(Blockchain+crypto+bitcoin)

The internet data is yours

And that can not be changed or tampered with !!!!

TOURISM

HOSPITALITY

REAL ESTATE

&

Web3

4.3M people in Thailand have cryptocurrency !

30% of the Tourists in Phuket own cryptocurrency!

How many people/businesses accept payments on Crypto?
